About Thinkspace Gallery:

Established in November of 2005 as a joint effort between Sour Harvest and Cannibal Flower, Thinkspace exists as a catalyst for the ever expanding new contemporary art movement that is exploding forth from the streets and art schools the world over. We are here to help represent this new generation of artists, to provide them that home base and to aid them in building the right awareness and collector base necessary for long-term growth.

Our aim is to help these new talents shine and to provide them a gallery setting in which to prove themselves. It is our hope and dream that through these opportunities these individuals will prosper and continue to grow to amaze us all for years to come. With the love of and for our community, and with the talents of so many incredible artists involved, we believe that this movement will provide the necessary proving ground for the ideas and dreams of today to become the foundations of a new tomorrow.
