

FOR IMMEDIATE RELEASE

PAINTGUIDE X THINKSPACE PROJECTS Presents:

RE-BEGINNING

09. NOV. 19 – 30. NOV. 19

"Five years in the making, PaintGuide has officially opened up a new chapter, we are honoured to be in collaboration with Thinkspace Projects to mark our new beginnings." ~PaintGuide Team.

This November, we present: **Re-Beginning**, as PaintGuide's first and largest exhibition to date as its new entity, viewable from the 9th – 30th November, 2019.

Contrasting from the conventional gallery path, PaintGuide established themselves through strategized chaos at the swipe of a finger. Diving into the creative arts world within the array of social media with a curatorial kaleidoscope. PaintGuide has been presenting an alternative creative experience since 2014, exhibiting this collection of works of over 95 international artists that has formerly participated in PaintGuide's weekly take-overs.

Re-beginning aims to bring this overturned interaction into the physical space. Rendering PaintGuide's own 'take-over' onto the walls of Thinkspace. In hopes to emancipate the strict ideology of arts and the sole preconception of 'paint' -guide. Presenting an expanded spectrum of works in this collection from traditional figurative works to exquisite embroidery, all of which offers their own unique visual languages.

Co-curating with PaintGuide, come join us for *Re-beginning*, celebrating their new beginning again. Opening on Saturday, November 9th with an evening reception from 6 – 9 pm. The exhibition will be on view through until Saturday, November 30th. For more information or additional images, please email us at : contact@thinkspaceprojects.com.

Thinkspace was founded in 2005; now in LA's Culver City Arts District, the gallery has garnered an international reputation as one of the most active and productive exponents of the New Contemporary Art Movement. Maintaining its founding commitment to the promotion and support of its artists, Thinkspace has steadily expanded its roster and diversified its projects, creating collaborative and institutional opportunities all over the world. Founded in the spirit of forging recognition for young, emerging, and lesser-known talents, the gallery is now home to artists from all over the world, ranging from the emerging, mid-career, and established.

PaintGuide started with one simple ambition – to create an online creative arts platform dedicated for art lovers around the world. Since 2014, PaintGuide has been featuring weekly take-overs by international artists to open up their digital 'sketchbooks' to our and their respective followers. Depicting a visual dialogue in the art world's continuing momentum into the digital sphere. In 2019, Henrik Uldalen, Teddy Chan and Jessica Chan has been busy evolving its new blueprint and transforming its creative arts community whilst staying true to their fundamentals. Reaching over millions of viewers each week, PaintGuide strives to cater to those inquisitive of what happens behind the scenes. Bringing the conversation back to the drawing board to the fundamental views and preconceptions of the industry, from artists to curators.
